Fast Forward Marketing Rolodex

My legal disclaimer: Some of these ARE affiliate links.
(If you're gonna get them, may as well get 'em through me, right?!?)

Note: If you were referred to us by an affiliate, please contact them first to see if they are an affiliate of the programs we recommend

Domain Name (GoDaddy)
http://FastForwardProducts.com/domain

Hosting (Host Gator):
http://secure.hostgator.com/~affiliat/cgi-bin/affiliates/clickthru.cgi?id=fastforward

Natasha's Notes
We suggest the Baby Plan, which is $7.96/mo (less if you purchase for a year). The Baby Plan gives you unlimited domains….trust me- you'll want more than one!

AutoResponder: (Aweber)
http://FastForwardProducts.com/aweber

**Get 1st month for only a buck! Then it's only $19.99/mo. **

Natasha's Notes: Aweber has been phenomenal and has good delivery rates. Free autoresponders frequently have poor deliver rates and after all- you get what you pay for!

Screen Capture Software

Camtasia (by TechSmith)
http://www.techsmith.com/camtasia.html

Natasha's Notes: Camtasia works best for PCs. I have heard the Mac version is not as easy to work with.   They offer a free-trial of the software.

Screen Flow
http://www.telestream.net/screenflow/overview.htm

Natasha's Notes: We use Screen Flow on our Mac and have really liked it.   They offer a free trial of the software.

Jing
http://www.techsmith.com/jing.html

Natasha's Notes: Jing will allow you to capture images of what you see on your computer screen. It will also allw you to record up to 5 minutes of on-screen video….all for FREE! Yipee!

*Note most How-To-Videos, etc. are longer than 5 minutes. So, Jing is not a replacement for Camtasia/Screen Flow.

Graphic Design Services

http://stockvault.net/

Paid Resources:

www.ShutterStock.com

www.iStockPhoto.com

www.BigStockPhoto.com

Membership Site (Digital Access Pass)
http://thefastforwardblog.com/membersite

Natasha's Notes: Ok, so you're ready to have your own product. This is a way to allow your members to get usernames and passwords generated to log-in, monitor what level of access they get, etc. etc.   Click the link to learn more about it.

Product Platform (Optimize Press)
http://fastforwardproducts.com/op

Natasha's Notes: Optimize Press is what we used for this Training Site) ** What we love about Digital Access Pass (DAP) and Optimize Press is that both are a one-time fee, as opposed to other membership sites/product deliver platforms that charge monthly fees. We're a big fan of the one-time fee vs monthly fees!**
